

II. Remarks

Examination of this application, in view of the above amendments and the following remarks, is herein respectfully requested.

After entering this amendment, claims 1-10 remain pending, with claims 1-9 under consideration.

*Restriction Requirement*

In the Office Action, an election of species was indicated as being required under 35 U.S.C. § 121 to one of the following, as identified by the examiner:

Species I - a two zone system where the flaps 4.1 and 4.2 are operated independently; and

Species II - a one zone system where the flaps 4.1 and 4.2 are operated together.

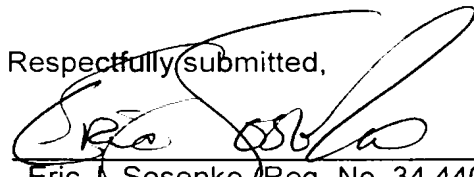

Applicants herein elect Species I, without traverse, and deem claims 1-9 as being readable on this species. Additionally, Applicants assert that claims 1-9 are generic to both Species I and II.

*Conclusion*

In view of the above, swift examination and allowance of the application is respectfully requested.
